

Math 310 - Dr. Miller - Activity #12: More about Medians

Fourteen students took a quiz and earned these scores: 2 people got 12.6, 1 person got 11.5, 4 people got 9.8, 2 people got 9.4, 1 person got 8.1, 1 person got 7.7, and 3 people got 7.3. Find the 5-Number Summary for the quiz scores, the IQR, and then carefully draw and label a box-and-whisker plot for the data.
