The Conference Theme: Interdisciplinary Computing

Keynote Speaker

Megan Augustine, M.Ed.
Director
Megan.Augustine@sluhn.org

Ms. Augustine holds a 2007 Master of Education degree with a major in Medical Information Technology and Digital Classroom Technology from Kutztown University.

More: <https://www.stlukessimcenter.org/about-us/our-team/>

This Simulation Center in Bethlehem supports a variety of simulation technologies for medical professionals:
<https://www.stlukessimcenter.org/facilities/bethlehem-campus>

A note on the theme: "Interdisciplinary Computing" for the conference suggests some amount of collaboration between CS&IT faculty members and students with practitioners of other disciplines, in addition to traditional CS&IT research.
